#### From the train Station (S.Lucia)

Just in front of the Railway Station it's possible to find the main lines of water buses "Vaporettos". The lines 1 and 2 run every 10 minutes to Rialto. After passing the famous Rialto bridge, get off at the stop "Rialto Banca D'Italia". The hotel is only 130 meters far from the Vaporetto Stop and situated in a narrow and typical "calle".

#### From the Airport (Marco Polo)

The best way to reach the hotel from the airport is by catching the Orange Line (Private Waterbus) of Alilaguna Company that will take you straight to Rialto (where the hotel is located). You can also take the Shuttle bus ATVO or the normal public bus n° 5 ACTV.

With these two buses you can reach Piazzale Roma (the bus terminal in Venice) from where you can take the vaporettos of the lines n° 1 (slower) or 2 (faster) to Rialto. The hotel is only 130 meters far from the Rialto Bridge Stop, situated in a narrow and typical "calle".

#### By car

At the end of the long bridge, connecting the Mainland to Venice, follow the signs to the TERMINAL TRONCHETTO or PIAZZALE ROMA where you can leave your car. Out of the Parking Areas, you will find the main lines of public transportation. The lines 1 and 2 run every 10 minutes to Rialto. After passing the famous Rialto bridge, get off at the stop "Rialto Banca D'Italia". The hotel is only 130 meters far from the Vaporetto Stop and situated in a narrow and typical "calle".
